

ACCESSORY

Needle Valve

REF **EFC-398** ISSUED 05 Jun 2026

SPECIFICATIONS

Size **1/4" – 1/2" BSP – 1/4" – 1/2" BSP**

APPROVALS & CERTIFICATIONS

- ISO 9001

APPLICATIONS

- Control valve pilot circuits
- Flow tuning
- Response damping

FEATURES

- Stainless steel needle valves are used throughout hydraulic control valve pilot circuits to adjust flow rates and dampen response times
- Positioned in the sensing and control lines, needle valves allow field tuning of valve response to match system hydraulics without changing pilot settings
